

FIRST EDITION.  
1130 P. M.

THE weather prophets are predicting a severe winter.

CONGRESSMAN POUND, of Wisconsin, is being pushed for a cabinet position.

THE Memphis Avalanche talks out in "meetin'." It may be a "flopper."

THE fight for the Ohio senatorship between Governor Foster and Secretary Sherman promises to be a lively one.

THE Blount County Democrat is also a "flopper." It endorses the letter of George Washington, Esq.

THERE are sixteen candidates for secretary of state. This officer is chosen by the legislature. The salary is about \$1,500.

JOHN E. HELMS, of the Morristown Gazette, one of the oldest democratic editors in the state, is likewise a "flopper." Read what he says in another column.

THE state board of canvassers, in South Carolina, in counting the votes polled at the November election found some "exclusiveness in the count," but "no fraud in the vote." "Exclusiveness" is good. It is splendid.

THE Nashville Herald thinks the democrats will not hold a caucus to nominate a candidate for senator, and that the struggle will be a prolonged one, with the republicans voting for Maynard and the democrats equally divided between Bailey and Bate.

SOME particular candidates for mayor is doubtless anxious to be the democratic nominee for that office. Who is he? We shall see, perhaps.

It is not believed in Washington that there will be an extra session of Congress. The republicans do not desire it and the democrats have had quite enough of extra sessions.

CONGRESSMAN WASHBURN, of Minnesota, was elected, two years ago, by a majority of 3,000 and his seat was contested by his democratic competitor. This year his majority was over 8,000.

THE last democratic state convention in Tennessee passed a resolution against making the coupons of Tennessee bonds receivable for taxes. The Gallatin Examiner says they should be made receivable for taxes. Is the Examiner a "flopper?"

ONE of the oldest and most prominent members of the Knoxville bar, who is himself a democrat, says his party has been like a merchant doing business with yard-sticks of different lengths. His failure is only a question of time. He will have to take his seat over among the "flopers."

THE Memphis Appeal is giving Hon. W. R. Moore, the congressman-elect from the Memphis district, a rest. It is claimed by some that the Appeal's intolerant course towards that gentleman elected him, and it was kept up for some time after the election was over.

THE Chattanooga Times is not for Mr. Maynard for the United States senate. It says there is a general disposition in the southern mind to let the old theorists and talkers slide. It wants "practical statesmanship and common sense in legislation, as against high-flown theories," etc., and suggests Eb. James! But really, isn't Eb. too young?

CERTAIN gentlemen are greatly exercised in behalf of the policy of running a simon pure democratic candidate for mayor. By all means do it gentlemen. We have had an almost uninterrupted line of democratic city governments for so many years, and the policy has "panned out" so well. Keep it up by all means. Trot out your man.

Reads Like a Romance.

SPECIAL to the Globe-Democrat.  
ATLANTA, Ga., Nov. 23.—A colored girl, who is a pupil in Clark's university, in Atlanta, has just fallen heir to a fortune of \$75,000. Clark's university was finished and dedicated last summer. It is for colored pupils alone. Christmas hall, the main auditorium, was built and furnished in accordance with a bequest of Mrs. Chrisman, a wealthy lady of Boston. The young girl who has just become the fortunate heiress of \$75,000 has determined to fit up an elegant parlor in the university for the use of the colored school girls. Her generosity is highly appreciated by her schoolmates and the professors in the university.

Successor to Esq. Scruggs.

Already there are a number of candidates for the position of justice of the peace in the 12th district, to fill the vacancy occasioned by the death of R. J. Scruggs, Esq. An election will be ordered for the same by Sheriff Gossett, as the law provides, and the day's notice will be given before the holding of such election.

## THE ELECTORAL COLLEGE.

## GEORGIA.

ATLANTA, Ga., Dec. 1.—The electoral vote of Georgia is probably lost to Hancock and English for the following reason: The revised statutes of the United States provide, in section 135, that the electoral colleges of the several states shall meet on the first Wednesday in December and cast their vote. The Georgia code, section 1312, provides that the governor shall notify the electors to meet at the capital on the first Wednesday in December and be ready on the Wednesday following to cast their vote. This the governor has done, but the electors have not met to-day or voted, and it is thought by leading officials and lawyers here that they have no right to meet and vote next Wednesday.

## VIRGINIA.

RICHMOND, Va., Dec. 1.—The electoral college of Virginia met in the state capital to-day. All the electors were present except Thomas Croxten, from the first district. The vacancy was filled by the election of Major Baker P. Lee. The electors were qualified, after which the college was organized by the election of Gen. John Nichols as president, and S. Bell Begger as secretary. A ballot was then taken for president and vice president of the United States, which resulted in eleven votes being cast for Hancock and English. A secretary was chosen and an electoral messenger to bear the certificates to the seat of government. These were prepared and signed by the electors this evening.

## RHODE ISLAND.

## NEW YORK.

ALBANY, N. Y., Dec. 1.—The electoral college reassembled in the assembly chamber of the new capitol this morning. In order to avoid any irregularity, the college proceeded to the election of an elector to fill the vacancy caused by the absence of Mr. Aiken, and Cornelius Ragnew was again chosen and again took the oath of office. The college then cast the vote of New York for Garfield and Arthur. John Jacob Astor was selected to convey the certificates of the proceedings to Washington.

NASHVILLE, TENN., Dec. 1.—The democratic electors assembled at the capitol to-day and cast 12 votes for Hancock and English.

## HANLAN-LAYCOCK.

LONDON, Dec. 1.—Laycock's friends in Sydney, Australia, have sent a cable dispatch announcing that they had deposited £250 to aid him in making up his stake in his match with Hanlan and that more money will follow. Riley and Hosmer to-day consulted with the president of the American firm about instituting a cable dispatch to the championship of the world to be contested for in Toronto bay. His coming championship with Laycock will be for the championship of England. Ross will remain at Putney until after the Hanlan-Laycock match is rowed.

## DEBT STATEMENT.

WASHINGTON, Dec. 1.—The debt statement issued to-day shows a decrease of the public debt during the month of November to be \$3,609,261.23; cash in the treasury, \$210,926,763.98; gold certificates outstanding, \$7,400,500.00; silver certificates, \$25,877,280.00; certificates of deposit, \$3,525,008.90; refunding certificates, \$943,350.00; legal tenders outstanding, \$346,681,016.00; fractional currency outstanding, \$7,163,207.37.

## FOREIGN.

LONDON, Nov. 30.—A Paris dispatch says: Promotion of the Panama canal scheme has been resumed with extraordinary vigor. The movement is so universal that success, as regards subscriptions and capital, is certain. Adhesions are arriving from every quarter of the globe.

The preliminaries of the sculling match, for 500 pounds a side, between Hanlan and Laycock, were not settled at the first meeting held at the Sportsman office to-day. There will be another meeting at 5 o'clock, when the articles will doubtless be signed.

LONDON, Nov. 30.—At a meeting held at 5 o'clock this afternoon at the Sportsman's office, articles of agreement were signed for a sculling match between Laycock and Hanlan, on the Thames championship course, to take place January 17th, 1881, at 2.30 o'clock p. m., for five hundred pounds a side. The Sportsman challenge cup and the championship. The parties deposited two hundred and fifty pounds aside, the balance to be posted on the 6th of January. The president of the American company stated that as the men were able to obtain funds for the match, he did not consider his offer of a prize of one thousand pounds necessary.

Two hundred of the Chatham division of marines, who were recently ordered to Ireland but whose departure was postponed, will start this week.

Admiral Tybalt received a telegram confirming the report of the murder of six of the crew of her majesty's schooner Sand Fly, at Solomon Islands, in the South Pacific. The party were attacked while some of them were bathing. A party from the schooner, under a sub-lieutenant, landed, received the bodies and destroyed the village, using one seaman killed and one wounded. The commander on the South Pacific station will dispatch another man-of-war to the Islands.

A large force of police, accompanied by infantry and artillery, proceeded to the great palace at 7 o'clock this morning to quell the disturbance there. The Times says: The appointment of Mr. Shaw Leferre secretary to the admiralty, to succeed Right Hon. Wm. P. Adams as first commissioner of the works, is significant. His views in regard to Irish land are well known. He has a high opinion of the value of the land of 1870. It is intended to facilitate the purchase of holdings by the occupiers. In conducting Irish measures especially he will doubtless prove an able lieutenant to Mr. Gladstone, and Mr. Forster.

A dispatch to the Times from Paris Mr. Rochefort invites signatures for application to the municipality for the site for a monument to the communists killed in 1871.

This, of course, a mere bravado, but it shows the present temper of the extremists.

## MINOR DISPATCHES.

CLEVELAND, Dec. 1.—At a special election yesterday in the 19th Ohio district, Judge E. B. Taylor, in October to be Garfield's successor as representative, was elected to fill the vacancy in the present congress.

GALVESTON, Dec. 1.—A Pilot Point dispatch to the News says: John Hayes, while riding through the storm yesterday, six miles from town was, together with his horse, instantly killed by lightning, and his clothing consumed and saddle torn to shreds.

## Low Tax Members.

[McMinnville New Era.]

The Lebanon Tribune says because they do not happen to be in a majority the low tax members of the legislature must not forget that their constituency have spoken upon a platform that can't be misconstrued in plain and unmistakable terms. It is easy to explain why the Wright party appears to be in the majority, but it will be far easier to explain the complete oblivion of that member who fails to stand true to the principles of the low tax party in Tennessee. All that is necessary for the opposition of bond holders and railroads to do, is to see that their back-bone is stiff and straight and bide their time. The next move on the political board of Tennessee will have to be made by the high tax party. Any disruption in the ranks of either of the high tax or republican parties will of itself be a gain to the low tax party, and something of the kind is almost certain to come. And whatever is or can, according to the very nature of the parties be born of them, is morally certain to meet the disapprobation of the people of the state. The duty of our members is very plain, and if they suffer themselves to be duped by their enemies, and the enemies of the people of Tennessee, they will surely witness the verdict of an already overburdened people's condemnation.

## LOW RATES FOR CASH.

## HEAVY SNOW STORMS.

NEW YORK, Dec. 1.—All mail trains due here this morning experienced more or less delay in consequence of the snow storm. The trains at the Grand Central depot were detained from thirty minutes to two hours. Over the Pennsylvania road the detention of the trains was much greater. The mails for New York leaving Boston at 6 p. m. and landed by the steamer Maryland at Jersey City, arrived there three hours late. The great southern mail arrived at Jersey City over the Pennsylvania road at 7:20 a. m. instead of 6:21, its advertised time.

The mails from the west were detained while coming over the Pennsylvania road one hour and six minutes. The mails from New England failed to connect with the south bound trains. This last is the fact mail whose southern connections were first made on Sunday last. All the railway officials reported this morning that the snow was blinding in their run to New York.

ROUNDTOWN, N. Y., Dec. 1.—There is a beating northeast snow storm raging in this city and back country. Snow is now 8 inches deep. This storm, it is thought, will end all river navigation between Catskill and Hudson and this port. It probably will not make much difference with the river from Roundtown to New York.

CONCORD, N. H., Dec. 1.—A heavy snow storm is prevailing, six inches having already fallen. It is drifting badly in the country and trains are delayed.

NEW YORK, Dec. 1.—A special from Boston states that a heavy snow storm is prevailing throughout New England. Three inches of snow have fallen here. Snow was about four inches deep at Catskill this morning and the ice blockade almost impassable.

## YELLOW FEVER.

WASHINGTON, D. C., Dec. 1.—Advices received by the marine hospital service show that yellow fever in Key West has almost disappeared, there being but one new case and one death during last week.

## Married.

Last night, at the residence of the bride's aunt, Mrs. Shippe, in East Knoxville, Rev. G. C. Rankin, pastor of Church Street M. E. church, south, officiating, Mr. James A. Lane and Miss Sue M. Rheas.

There was assembled a small, but pleasant collection of relatives and immediate friends, who witnessed the interesting ceremony, and showered hearty congratulations upon the happy couple.

The groom is a well known Knoxville printer, foreman of the CHRONICLE composing room, and the bride a popular young lady. The CHRONICLE congratulates the newly wedded couple and wishes them much joy and happiness.

## Feeble Ladies.

Those languid, tiresome sensations, causing you to feel scarcely able to be on your feet; that constant drain that is taking from your system all its elasticity; driving the bloom from your cheeks; that continual strain upon your vital forces, rendering you irritable and fretful, can easily be removed by the use of that marvelous remedy, Hop Bitters. Irregularities and obstructions of your system are relieved at once, while the special cause of periodical pain is permanently removed. Will you heed this?—Cincinnati Saturday Night.

## A Good Citizen Gone.

Another correspondent, "A. J. M.," writing us from Greenville, gives fuller details of the horrible death which overtook Mr. Ambrose Easterly in Greene County on Monday, 22d inst. An account was given by us, and it will be remembered he was thrown from a mule, became entangled in the gearing, and was dragged to death. This last correspondent closes as follows: "His body was badly mutilated; his ribs were literally torn from his body. Mr. Easterly was one of Greene county's best citizens, being a man beloved by all his neighbors. His sad death caused great excitement in his neighborhood. He was an old member of the Lutheran church, and a Free Mason. His remains were interred in St. James' burying ground with Masonic honors on Wednesday. The whole community joins in with sympathy for the family and friends of the deceased."

## A Blood-Thirsty Tarheel in Trouble.

Yesterday evening John Britton, as he calls himself, who claims to hail from the old North State, while loitering around the store of Cawood & Co., on Crozier street, became enraged by some means, drew his knife and was apparently going to make short work of Mr. Cawood. Chief of Police Harper and Officer Hicks were called in and escorted him into the august presence of Recorder White, where he was booked at \$10, cost and all, and not being possessed of the requisite pocket change, he was sent down to the chain gang.

## NO FOUL PLAY

Is the Verdict of the Jury of Inquest on Esq. Scruggs' Death.

According to appointment and announcement, the jury of inquest summoned by Coroner A. S. Hudburgh, over the dead body of R. J. Scruggs, Esq., who met with such a horrible death by falling from and being dragged by his wagon, Thanksgiving night, while on his way to his home, four miles from the city, held their final session yesterday morning. They heard some further evidence and while there was some mystery about some of the wounds on the body and some of the circumstances sworn to, still the jury were persuaded, after mature deliberation, that the suspicions of foul play and murder, raised by some, are unfounded. Their verdict is as follows:

We, the undersigned jurors, summoned by the coroner of Knox county to hold an inquest upon the body of the late R. J. Scruggs, Esq., who came to his death in some unknown way on Thursday night, the 25th inst., after viewing the body and witnessing an examination of the same by Dr. A. B. Tadlock, and hearing the testimony of a number of witnesses, are fully satisfied that he came to his death by accident.

[Signed], D. A. Carpenter, J. A. Gaboury, Jas. W. Bell, L. G. Miller, W. P. Kelsey, John Campbell, Isaac Lillerson.
